CALIFORNIA ACADEMY OF FAMILY PHYSICIANS FOUNDATION ANNUAL AWARDS and PAST RECIPIENTS

Award for Educational Excellence in Honor of Barbara Harris

This award recognizes educational excellence in the field of family medicine. The Barbara Harris Award was established in 1984 to honor the late Ms. Harris, a former Executive Director. The award was renamed, with an enhanced focus, in 1996. The Award for Educational Excellence in Honor of Barbara Harris highlights achievements in education, a field very important to Ms. Harris.

One individual will be honored annually with this award. The award is presented to an individual working in California who demonstrates excellence in advances in education in the field of family medicine; family medicine teaching in medical schools, residency programs and/or post-graduate CME. The recipient should also be actively engaged in CAFP educational initiatives, from clinical to practice transformation to advocacy.
