

# FAMILY MEDICINE CLINICAL FORUM

APRIL 8-9, 2017 | SAN FRANCISCO, CA

Friday   April 7   Optional Day	
9:00 AM-4:00 PM	<b>Integrating Palliative Care into Primary Care Practice</b> Mike Witte, MD, Michael Fratkin, MD, Delvin Scott Endsley, MD <i>This day-long workshop will explore the steps family physicians and their teams need to take to integrate palliative care into practice. The day will include didactic presentations, small group sessions, topics from patient and family communication, spirituality, legal and payment issues, and more.</i>
12:30-6:00 PM	<b>All Staff Long Acting Reversible Contraceptives (LARC) Workshop</b> Karen Muchowski, MD, FAAFP & Suzan Goodman, MD, MPH UCSF Bixby Center <i>This all-staff training is designed for physicians, health educators, other clinicians, managers, billing specialists, and administrative staff. It includes a didactic session for all staff as well as counseling skills and role playing session for health educators and a hands-on insertion technique practicum for clinicians.</i>
1:00-5:00 PM	<b>KSA: Maternity Care</b> Tipu Khan, MD, FAAFP
Saturday, April 8, 2017	
7:00:00 AM	<b>Registration, Exhibit Hall and Continental Breakfast</b>
8:00 AM	<b>Opening Remarks</b> Christopher V. Flores, MD and Carol Havens, MD, FAAFP
8:15-9:15 AM	<b>Keynote: Primary Care and the Need for Upstream Doctors</b> Rishi Manchanda, MD, MPH <i>Learners will understand the role of social determinants of health, their impact on the Triple Aim and physician joy at work, and ways to improve the effectiveness of primary care through clinical-community interventions and tailored quality improvement approaches that address health risks where patients live, work, eat, sleep, learn, and play.</i>
9:15-9:30 AM	<b>Exhibit Hall Break</b>
9:30-10:15 AM	<b>Comorbid Conditions and Antipsychotic Use in the Patient with Depression</b> Thomas W. Heinrich, MD <i>This case-based session will review current guidelines and provide learners with the latest information on treatment for MDD.</i>
10:25-10:45 AM	<b>Protecting your Practice, Personal Life, and Health Care System from Cyberattacks</b> Tipu Khan, MD, FAAFP and William Woo, MD <i>Identify the increasing trend of cyberattacks on PHI as well as review some of the strategies to safeguard one's system</i>
10:55-11:15 AM	<b>Managing Polypharmacy in the Elderly</b> Daniel Pound, MD <i>This session will provide learners with practical insights and information regarding the review and management of medication for older adult patients.</i>
11:25-11:55 AM	<b>Pain to Gain: Building a Care Model Team</b> Thomas C. Bent, MD, FAAFP and Marion Jacobs, PhD <i>For most Family Doctors, chronic pain patients can be difficult to care for, and care about. Using an interdisciplinary and interprofessional approach, our small, independent and resource spare community clinic developed and implemented a program that improved provider and staff confidence and satisfaction in the care of chronic pain patients and made a significant improvement in the quality of life of those patients. The content of this session will share our story of identifying our most challenging patients, building a diverse and motivated team and impacting quality of care and provider satisfaction. The objective is to motivate colleagues to evaluate and innovate chronic pain care in their own practices.</i>
12:10-1:15 PM	<b>Leadership Celebration Lunch</b>
1:25-2:10 PM	<b>Assessing Suicide Risk and Taking Action</b> Kristy Lamb, MD <i>This presentation will provide an overview of the current statistics on suicidality presented for the use of creating a targeted assessment with a focus on creating an effective therapeutic alliance to facilitate patient stabilization and the creation of an effective treatment plan within the confines of the primary care setting.</i>
2:20-3:05 PM	<b>T2DM: Maximizing Patient Interactions</b> Raul Ayala, MD and Will Woo, MD <i>This case-based presentation will address key barriers to improving outcomes for your T2DM patients. New 2017 ADA guidelines will be reviewed and learners will leave with evidence-based strategies to address patient and provider barriers to change.</i>
3:05-3:45 PM	<b>Exhibit Hall Break</b>
3:45-4:00 pm	<b>The Doctor is In, Really IN!</b> Angela Calton, MD, FAAFP <i>Learners will receive tips and behavior changes designed to create an atmosphere that helps to obtain not only patient, but physician satisfaction with office based patient care.</i>
4:10-4:25 PM	<b>Integrative Medicine: What is it and Why should I Care?</b> Heidi Meyer, MD <i>A TED style talk on this rapidly expanding field that is reminiscent of the early days of primary care where home remedies, the doctor-patient relationship, and the tincture of belief and trust (placebo) formed the backbone of care.</i>
4:35-4:50 PM	<b>Meet the Experts: FOUR of the day's faculty members will answer your questions!</b>
4:55-5:40 PM	<b>Cannabis: What Family Physicians Really Need to Know</b> Donald Abrams, MD <i>As more states approve cannabis as medicine and for recreational use it becomes inherent on primary care providers to appreciate the risks and benefits of its use. This session will review the history of medicinal cannabis use, describe the system of cannabinoid receptors and endocannabinoids in the body and outline results from clinical trials investigating cannabis and its main components. Although delta-9-tetrahydrocannabinol (THC) is the main psychoactive component, the medicinal potential of the other cannabinoids – especially cannabidiol (CBD) – will be discussed.</i>
5:40-6:10 PM	<b>Resident Poster Presentations</b>
6:15-7:30 PM	<b>All Member Reception: Meet the Exhibitors, Review Resident Posters and Foundation Auction</b>
Sunday, April 9, 2017	
7:30-8:15 AM	<b>Breakfast and Table Topic Discussions - important issues affecting family medicine will be discussed in small groups. Expect topics like What's</b>
8:15-8:30 AM	<b>Opening Remarks</b> Christopher V. Flores, MD and Carol Havens, MD, FAAFP
8:30-9:00 AM	<b>CAFP in Action and Advocacy Update</b>
9:00-9:15 AM	<b>Coming to you Live from the AAFP</b> Wanda Filer, MD, MBA, FAAFP
9:15-9:35 AM	<b>Family Medicine Update</b> Hobart Lee, MD, FAAFP <i>This session will review major updates from the medical literature from 2016. Attendees will be able to identify key changes which will impact or change the way they care for patients.</i>
9:35-10:20 AM	<b>The Never-Ending Story: Cancer Survivorship as a Chronic Disease</b> Carol Havens, MD, FAAFP and Michelle Quiogue, MD, FAAFP <i>Attendees will learn tips for appropriate surveillance for recurrence and secondary malignancies and strategies to address psycho social needs of cancer survivors throughout the continuum of their survivorship.</i>
10:20-10:30 AM	<b>Break</b>
10:30-10:45 AM	<b>Meet the Experts: Three of the day's faculty members will answer your questions!</b>
10:45-10:55 AM	<b>Break</b>
10:55-11:35 AM	<b>Lifetime Implications of Child Adversity</b> Wanda Filer, MD, MBA, FAAFP <i>Child sexual assault and other adverse childhood experiences often have long term health impacts. This presentation reviews the ACE study findings with an emphasis on improving the recognition and response of child sexual assault survivors.</i>
11:35 AM-12:05 PM	<b>Telemedicine and Mobile Technologies in Family Medicine</b> Christopher V. Flores, MD <i>This session will help learners in diverse clinical settings to familiarize themselves with advances in technology and understand market forces that are driving new telemedicine service lines.</i>
12:05-12:55 PM	<b>Keynote: Improvisation and the Art of Medicine: Adaptable Skills for an Uncertain World</b> Benlinda Fu, MD <i>This session explores how improvisational skills and teaching methods can expand clinicians' abilities to connect with patients and colleagues in a collaborative, compassionate way.</i>
12:55-1:10 PM	<b>Key Messages and Closing Remarks</b> Carol Havens, MD, FAAFP and Christopher V. Flores, MD
Sunday   Optional Activities	
12:20-5:20 PM	<b>KSA: Mental Health in the Community</b> Lauren Simon, MD, MPH, FAAFP
	<b>KSA: Heart Failure</b> Mark Dressner, MD, FAAFP, MSED
1:20-5:20 PM	<b>Dermascopy Workshop</b> Hands-on session for members of CAFP's Dermascopy Class ( <b>Separate Registration: <a href="http://bit.ly/2knuDGL">http://bit.ly/2knuDGL</a></b> )
